

Nature's sweetener in a snap!

New Zealand UMF® Manuka Honey

Mere Vaka
Apprentice Beekeeper

www.kiwimanuka.com

A totally natural sweetener, **produced by nature**

Our delicious Manuka honey snaps are perfect for keeping in your desk drawer or handbag, to add a teaspoon of nature's sweetener to your tea or coffee. Put one into the kids' lunchboxes as a special treat too! Or, for a quick sweet fix on the go, a snap of honey is the ideal energy boost.

If you love our snaps then take a look at some of the other gorgeous Manuka products in our range including honey, beauty care, tea, oral care and oils. All our Manuka honey products are UMF® certified and sustainably produced under our Manuka Originz™ Ethical Honey Harvest programme. This programme ensures economic returns are shared with the Manuka forest owners, thereby benefiting the communities of these remote coastal regions.
