## Refresh and soothe your mouth with a drop of UMF® Manuka honey

Our unique Manuka honey lozenges are available in six delicious flavours including Apple & Ginger, Strawberry & Elderflower, Lemon, Orange, Peppermint or Yumberry. Try them all or keep your favourite flavour in your handbag, car or desk drawer, for a soothing refresher whenever you need. If you love our lozenges then take a look at some of the other gorgeous Manuka products in our range including honey, beauty care, tea, oral care and oils.

All our Manuka products are UMF® certified and sustainably produced under our Manuka Originz™ Ethical Honey Harvest programme. This programme allows you to trace the quality of your Manuka product from the barcode, all the way back to the land from where it was sourced.
